Important Account Information

Welcome to Humble ISD's ***Your Schools Insider***. This is an online communication tool for the district to -

**Notify you** in case of an emergency that might affect students in our schools  
**Keep you informed** about important goings-on within Humble ISD  
**Respond to your questions** and concerns, and  
**Get your input** on where we're going as a district.

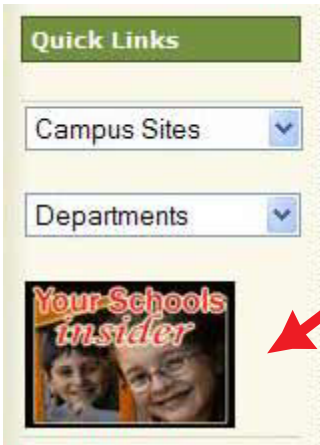

For us to be most effective in communicating with you, we ask that you

★ Keep your contact details, school relationship and information preferences up to date by clicking the Login/My Account button on the Welcome page and updating your profile. If you do not have an account, you can sign up on the login page.

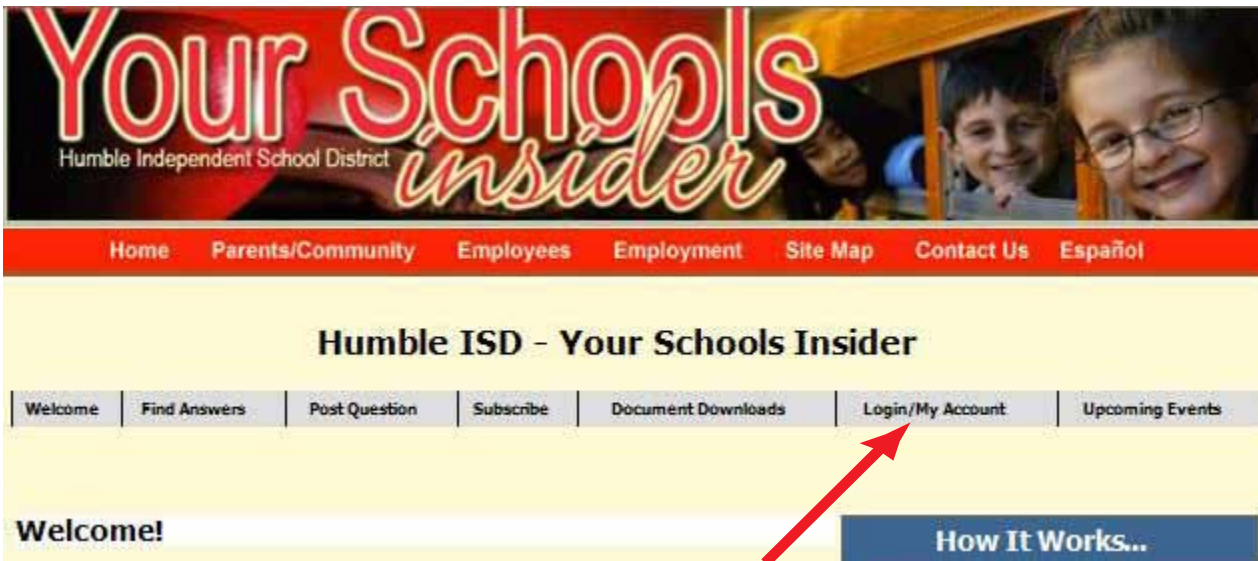

★ If you attempt to set up a new account and receive the message that your email address is already in the system, you should click the button EMAIL PASSWORD. The system has been preloaded with any email address you may have provided in the online student update or registration procedures.

★ **Important for parents to know:** Updating your information here does not automatically update it with your child's teachers. If you have a change, such as a new cell phone number, you will want to make the change here in order to receive school-wide emergency notifications AND in the online Student Information Update page that schools use to contact parents individually.
